- Fold the triangle in half. Fold a small portion of the top corner down.
- Form the ears by folding the left and right corners of the triangle up at an angle.
- Flip it over and use markers to add details like eyes, whiskers, a nose, and a mouth.
- To make an origami dog, fold the right bottom corner to the top left corner.
- Fold the triangle in half. Unfold.
- Fold the bottom triangle up. Fold up again.
- Fold the top corners on either side down to form the ears.
- Use markers to add details like eyes, a nose, and a mouth.
