

CARDBOARD TUBE BINOCULARS

Materials:

Two small
cardboard tubes

Construction
paper

Glue stick

Pencil

Scissors

Ruler

String

Tape

Instructions:

- Use the cardboard tube to measure the appropriate height of the construction paper.
- Make a straight line with the ruler and cut along the line.
- Connect the cardboard tubes together on both ends with tape.
- Use a glue stick to attach strips of paper to the construction paper.
- Wrap the construction paper around the cardboard tubes and secure with tape.
- Add more tape to cover the seam and to make it more secure.
- Attach a long piece of string to the inside of the cardboard tubes with tape.
- Now you have cardboard tube binoculars!
