

COLLAGE DOG

Materials:

Copy paper

Construction
paper

Scissors

Glue

Pencil

Miscellaneous
materials

Optional Materials:

Dachshund
template

Ribbon

Instructions:

- To make a collage dog, draw a dachshund using the “Draw a dog” video or print the dachshund template attached to the written instructions for this craft.
- Gather assorted miscellaneous materials that you might have around your home like jewels, playing cards, and ribbon for your collage.
- Start arranging the materials inside the outline of the dog’s body. Once you are satisfied with the arrangement, glue them down.
- Some items might need to be trimmed to fit the shape of the dog’s body.
- You can use small objects to represent the dog’s eye and nose.
- Once you have finished, you can leave the collage dog as it is or cut it out and glue it on to a piece of construction paper.
- Now you have a collage dog!
