

PAPER LANTERN

Materials:

Red paper
Yellow paper
Glue stick
Tape
Pencil
Ruler
Scissors

Instructions:

- Cut the yellow paper into three long strips an inch and a half wide.
- Fold the red paper in half.
- Glue a yellow strip of paper on each end of the red paper.
- With the ruler and pencil, mark lines at even intervals down the red paper.
- Make sure to stop the line before your reach the yellow paper.
- Cut along the line through both halves of the red paper, making sure to stop before reaching the yellow paper..
- Unfold the paper and lay it vertically.
- Roll the paper into a loose cylinder and adhere together on both ends with tape.
- Use the remaining yellow strip of paper to create a handle. Secure with tape.
- Now you have a paper lantern!
